Career Summary

Passionate and detail-driven software developer with a strong foundation in Python, web technologies, and database systems. Demonstrates problem-solving skills, adaptability, and a passion for building efficient and scalable software solutions. Eager to contribute technical and analytical expertise to collaborative projects and drive customer-focused innovations.

Education

Bishop Heber College, Tiruchirappalli   **Jul 2023 – Apr 2025**
Master of Computer Applications (MCA)   CGPA: 7.28

PRIST University, Tiruchirappalli   **Jul 2019 – Apr 2022**
Bachelor of Computer Applications (BCA)   CGPA: 7.56

Experience

I Way Internet Cafe (Freelance)   *Remote — 2025*

- Successfully developed and deployed a static website for an Internet Café using HTML, CSS, and JavaScript.

- Delivered online services for Xerox, printing, and binding through a reliable and user-friendly platform.

- Ensured the solution met client business requirements with efficient design and functionality.

Projects

DeepFake Detection — Python   *Mar 2025 – Apr 2025*

- Built a web-based system for real-time DeepFake detection to assist in interview training.

- Focused on accessibility, efficiency, and confidence-building through simulated interviews.

Secure and Immutable FIR System Using Blockchain — ASP.Net, MySQL   *Mar 2024 – Apr 2024*

- Developed a blockchain-based FIR management system ensuring tamper-proof data records.

- Enhanced transparency and integrity in crime reporting workflows.

Face Mask Detection System — Python, TensorFlow-Keras   *May 2022 – Jun 2022*

- Implemented AI-powered real-time face mask detection using image processing.

- Improved safety monitoring accuracy and response time.

Skills

Technical Skills:
Python, SQL, MySQL, C, C++, Node.js, Pandas, NumPy, Matplotlib, Django, PowerPoint, Excel, Word, MongoDB, VS Code, Jupyter Notebook, Eclipse

Soft Skills:
Communication, Problem Solving, Teamwork, Adaptability, Customer Focus

Certifications

- AWS Cloud Practitioner — Dec 2022

- Programming in Python (HCL) — Oct 2024

- Programming in Java (Udemy) — Mar 2025

- Micro Certification (ServiceNow) — May 2025

- Python for Beginners: A Gateway to Machine Learning (Udemy) — Sep 2025

- Relational Databases & SQL: Complete Guide for Developers (Udemy) — Sep 2025
